9 Big Days Ahead In Herald Drive

With exactly nine more days to go in The Herald's big expansion campaign, you may be sure that every contestant, certainly those toward the top are redoubling their sales energies -- to win.

The rewards are big -- super big. The time remaining is short.

For the second time, the standing of all contestants, based on cash sales reports up to and including Monday night, are published on this page today.

There have been changes in standings since the last report was published a week ago. Patsy Matula holds onto top place, but there have been other changes in several brackets.

Jerry Schoppe now leads Mrs. Willie Schwarz for the second position. Mrs. Myrtle Dorner has advanced ahead of Mrs. Edwin Gandy. Mrs. Wilburn Shuffield has moved out of a tie for 8th place, and is now in 7th place, which is the $150 winner bracket. Other lesser changes are noted.

We had not planned to publish another standings report but The Herald will publish one day early next week, owing to the Memorial Day holiday, and no mail delivery on Thursday -- and with three days yet to go next Wednesday, another, the final standing report will be published.

This will be good news to contestants, who are bubbling over with excitement, a tense, almost feverish excitement.

These last nine days of the campaign, will probably prove the biggest of the entire campaign. Dozens of folks have held off giving their subscriptions, but have given promises to contestants -- a "promised" subscription before the end.

Although campaign results have been super satisfactory thus far, there are still many new subscriptions that can and will be written.

An intense drive is underway right now among contestants to get those new subscriptions before next Monday night. Three extra $50 prizes will go to three who have sold most NEW subscriptions through that date. So close is this race, that one single new subscription could be decisive.

During the past weeks we have reminded that campaign subscription rates are Bargain Rates. It is a repetition to write this fact again but it does present an offer for subscribers to save money, and is therefore worthy of the repeat.

Friday, May 31, is the last day of the bargain rates. Saturday, June 1, the price will advance to $3.00 in Milam county and its trade area; to $4.00 elsewhere. The time to save is now.

The campaign will definitely end Friday, May 31. Next week's Herald will publish the hour and place of the big vote count. The award of the big cash prizes will follow.

Gordon Cooper's amazing flight around the earth captured the imagination of the world, not only for his successful 22 - orbit trip, but also for his superlative handling of "Faith 7" at re - entry.

His now famous "splash down" within 4 miles of the pickup ship, the carrier USS Kearsarge, was equal to finding a needle in a haystack. And he did it by extraordinary manual control of his space craft.

His feat proved man still superior to his computers. And his prayer, tape recorded on the 17th orbit, bowed the heads of the great and near - great in the joint session of Congress which he addressed Tuesday.

One Cameron sailor, John E. Williams, machinist's mate second class, was on the destroyer USS De Haven, which was among the Pacific recovery group accompanying the Kearsarge.

Another Cameron sailor, Leo Glaser, Jr., was actually on the pickup ship, the destroyer USS Noa that picked up Astronaut John Glenn after his three - orbit flight Feb. 20, 1962.

So Cameron and Milam County had representation both historic flight landings.

Funeral Rites In Corpus Christi For Charlie Barrett, 45

Funeral services were held 2 p. m. Saturday for Charlie C. Barrett, 45 of Corpus Christi.

He died 8:30 a. m. Thursday while en route to a local hospital. Graveside services were conducted in Seaside Memorial Park by Lodge 189, AF&AM.

Barrett was owner and operator of the Barrett Humble Service Station in Corpus since 1952, and had worked for the company most of his life. He was a resident of Corpus Christi 22 years. He was born and educated in Cameron.

Barrett was a member of Windsor Park Baptist Church, Yarrellton Masonic Lodge, 645, Corpus Christi Commandery No. 57, a York Rite Mason, and the Alzafar Shrine in San Antonio.

He is survived by his wife, Tyler Lee; two sons, Tyler and Mark Barrett of Corpus Christi; his father, Jessie J. Barrett of Cameron and five sisters, Mrs. Susie Matthews and Mrs. Frank Barrett of Cameron, Mrs. Helen Horelica of Rockdale, Mrs. Flake Brookes of Freeport and Mrs. Curtis McGowen of League City.

Pallbearers were employees of the service station.

City Renditions Gain $77,186 Net

The City Council Tuesday heard a report from the 1963 City Equalization Board which noted a net increased property rendition of $77,186 for the year.

In a short Tuesday evening session, the Council reviewed the three man panel's report which said that 241 properties had received increased valuations of $108,611 while 82 drew renditions $30,425 lower. One piece of property worth $1,000 was taken from the rolls.

Net tax gain on the renditions was $1,234.98.

Other Council action saw appointment of Calvin Markham, Cameron businessman, to the board of the Cameron Housing Authority. He succeeds Narvie Caperton, who resigned to take a post in Washington.

Only other activity was reports from city water and public works department heads.

Water Supt. Alvin Hefft reported installation of 360 feet of pipe in the Zarosky Division, West Cameron and one new sewer connection.

Public Works Supt. J. B. Earle reported basework continuing on Sixth St., First St., 15th St., and Gillis Avenue.

He reported completion of graveling 14th St. and 12th St.

He projected work to be done at the cemetery entrance, miscellaneous in Wilson - Ledbetter Park

Milam Vs. The Nation ....

Wheat Men Favor Controls

Milam County's wheat growers Tuesday bucked an apparent Central Texas and national trend, voting 165 for, 40 against tighter government restrictions on wheat production.

Referendum officials at the Cameron Agriculture Stabilization and Conservation office reported that the 81 per cent vote was the only county - wide vote in Central Texas giving the necessary two-thirds "yes" for the controversial program.

In Texas, voting was against and neighboring counties of Bell, Falls, for instance, failed to achieve the necessary two - thirds approval. Bell County reported voting 248 for and 222 against and Falls County 118 for and 86 against.

The Milam count was 165 for, 40 against and 2 challenged, Cameron ASC officials reported.

HOW THEY VOTED

By community, the vote went:

A — Burlington, Ben Arnold and Clarkson -- 77 for, 19 against.

B. — Maysfield -- 6 for, 4 against.

E — Thorndale and San Gabriel-- 11 for, none against.

F — Sharp and Val Verde -- 10 for, 12 against.

G — Buckholts - 17 for, 2 against.

H — Marak and Cameron — 44 for, 2 against, 2 challenged.

Nation - wide results were not expected to be complete until Wednesday night, after The Herald's deadline. Early reports from New England States showed voting going against the proposition.

Just about every wheat grower in Milam County turned out for the Tuesday referendum. Estimates showed about 200 wheat growers in Milam County.

YES MEANT SUPPORTS

A "yes" vote by two thirds of the wheat growers in a county meant they favored a wheat diversion program, and marketing certificates at about $2.12 per bushel on 80 per cent of norman production of a farm's acreage allotment.

If the apparent trend against the proposal holds, quotas on wheat production would be dropped and marketing penalties and price support at 50 per cent of parity would be no more.

Administration supporters contend that defeat of the program would cause uncontrolled production of wheat in 1964 and a big reduction in price per bushel.

The vote had to be two thirds in favor of the restrictions.

Oscar Cook Indicted

Murder Charge Billed

Jury Returns 6 Burglary Writs

A Milam Grand Jury Tuesday indicted Oscar F. Cook, for murder with malice in the slaying of his mother-in-law, Mrs. Dan Crow, and on three counts of assault with intent to murder Mrs. Velma Cook, his ex-wife, and her brother and sister.

In a morning session Tuesday, the 12-member grand jury panel-8 women and 9 men-also indicted Edwin A. Holland on four counts of burglary, and Donald Ray Wilcox and Charles Ray Walker, Jr., each on one count of burglary.

ONE WITNESS

The only witness to appear before the panel was Mrs. "Ma" Brisbin, who was in the Crow home at Davilla the evening of May 14 when Mrs. Crow was shot to death.

The murder indictment against Cook, 24, of Rogers charged that he did "unlawfully" and voluntarily with malice aforethought kill Mrs. Dan Crow by shooting her with a gun."

The three indictments for assault with intent to murder charged Cook with shooting and wounding Mary Lou Crow, 16, daughter of the deceased; Danny Crow, 20, son of the deceased; and Mrs. Cook, 22, former wife of Cook.

Mary Lou Crow, in critical condition after the shooting, was recovering satisfactorily in a Temple hospital. Danny Crow has ben released from the hospital in Temple, according to County-Atty. Jack Prescott.

BURGLARY CHARGES

The burglary indictments against Holland charged:

Burglary of Anderle Lumber Co. May 16, Johnny Marak's May 16, Cameron Bowling Lanes May 6, Mraz's Place May 3.

Wilcox was charged with burglarizing the Dairyland May 4, and Walker was charged with burglarizing Wilkerson Drug April 21.

The grand jury included three women and nine men: Thelma Fisher, R. H. Foster (foreman), Mrs. A. H. Roberts, Mrs. J. G. Chandler, Gus Elley, David Boney, D. S. Poole, Gordon S. Baskin, E. E. Henry, William F. Arthur, Emil Lanicek and Newton Butts.

George Kirk,32, Named Coach

Coach George Kirk, 32, of Temple has been named as Head Coach and Athletic Director at Yoe High School to succeed Coach Roberts who resigned to take a position with the Stillwater, Oklahoma school system.

Kirk has been line coach at Temple High School for the past three years and prior to that was head B-team coach at Temple for three years where his teams won 23 games, lost 5 and tied 2.

Kirk and his family will move to Cameron as soon as possible. He is married and has a ten year old daughter, Renee.

He served one year as first assistant coach at Diamond Hill High School in Fort Worth, a district 5AAA school, where he was basketball coach and his team had a 17-4 record.

Kirk graduated from Littlefield High School after lettering in football, basketball, baseball and track He was named all - district in football at the center and line backer.

He played college football at New Mexico Western College and McMurray College. He then entered the Air Force where he taught survival training and physical conditioning as well as playing quarterback and defensive linebacker for Carswell Air Force Base in Fort Worth.

He entered Texas Christian University where he earned his Bachelor of Science Degree and went to Baylor to earn a Master of Science.

Kirk made the following comments about his appointment as head coach and Athletic Director. "We are very happy with the prospects of moving to Cameron and we are looking forward to living and working here. We plan to have a meeting with all prospective football players before school is out. I appreciate the confidence that the school officials have placed in me and will, with the support and cooperation of students and community, do my best to achieve in Cameron a good athletic program."

The board gave him a two year contract.

He has not named any of his staff as yet but will start intrviewing in the near future.

Cox Nominated For State President Of Bar Association

Joyce Cox, son of Mrs. M. G. Cox and the late Cameron attorney, M. G. Cox, has been nominated for the office of president - elect of the State Bar of Texas.

Cox practices law in Houston and has been active in the State Bar. His father, who had practiced law for 50 years in Cameron, was long associated with original State Bar Association which he served as a director, and was instrumental in founding the present Association.

The Milam County Bar Association unanimously endorsed his candidacy and distributed a copy of their resolution backing him to Bar Associations throughout the State.

SCHILLER NAMED NEW PRESIDENT OF CITY LIONS

Edward Schiller, Jr., Cameron businessman, has been elected president of the Cameron Lions Club.

His and other officers were elected noon Monday at the regular weekly meeting of the organization at The Texan.

Other new officers are: first vice - president, Monroe Fuchs; second vice-president, John Henderson, Jr.; third vice-president, Bill Tolson; secretary-treasurer, Ray Stevens; lion-tamer, Bill Marek; tailtwister Forrest Sapp; and chairman of Crippled Children's Camp committee, A. W. McCullin.

New directors are: Ed Laywell and Byron Wise. Continuing as directors are Charles Zeigler and Leroy Massengale.

Mrs. Frank Luecke presented the program: "The Return of the Square."

Town - Country Fair Planned For July 12 - 13

Cameron will host the citizens of Milam County and its visitors for "Town and Country Fair Days" July 12 and 13.

"Many Events are being planned for these two days and we are in high hopes of well rounded county participation" stated Charles Chandler, co-chairman for the event, acting through the Chamber of Commerce.

Educational, exhibit, competitive and commercial booth space will be available to clubs, organizations and business firms throughout the county.

There will be Livestock exhibits, farm equipment and new car dealers displaying their products in the mall division and entertainment for the entire family.

The Light Crust Dough Boys and other talent will participate in the fair. Anyone interested in participating in any event may call the Chamber office for further information, or contact Chandler or Albert McCullin, Jr.

Cook Recovering In City Hospital

Oscar F. Cook, 24 of Rogers, indicted Tuesday by a Milam grand jury for murder with malice and three counts of assault with intent to murder, is improved and resting today fairly well in St. Edward Hospital, where he is under guard.

He is recovering from what he told Milam law authorities was a self - inflicted gunshot wound in the chest.

Medical officer said Cook would be released to authorities in a few day.

Mary Lou Crow, 19, of Davilla daughter of the deceased Mrs. Dan Crow, has been taken from the critical list at Temple's Scott & White Hospital. She is said to be recovering from a gunshot wound in the chest.

OTHERS BETTER

Also improving satisfactorily are Danny Crow, 20, son of the deceased woman, and his sister and Cook's former wife, Mrs. Velma Cook, 22, both from gunshot wounds in the chest.

Both young women will remain in the hospital where they had been in serious condition. Each may have to undergo surgery to remove a bullet lodged near their spines.

Cook made a long statement to Sheriff Carl Black and County - Atty. Jack Prescott last week, but did not sign it.

Prescott went to Temple earlier this week to take statements from the wounded members of the Crow family, the first interviews granted since they were shot in the Davilla melee Tuesday night, May 14, at the Crow home.

Cook was brought to the Cameron hospital from Taylor the morning after the Davilla shooting and has been kept under guard.

The other gunshot victims were rushed to the Temple hospital.

GUN, EMPTY SHELLS

Sheriff Black said he has in his possession the .22 - cal., six - shot revolver used in the shooting spree by Cook and 12 empty hulls from the gun. Black said that Cook borrowed the gun from his cousin, telling him he (Cook) was going to go coon hunting.

Cook and his wife were divorced April 30. After a two - week stay in the Milam County Jail, he tried to get Mrs. Cook to come back to him the day he got out of jail and the same night the shooting occurred.

It was at first thought that Cook was shot by Danny Crow with a .410 guage shotgun. But investigating officers found a blast below the refrigerator in the Crow house where the wayward shot hit, Black said.

Citians Favor Man Over Computer

With the complexities of space travel increasing, will machine replace man?

The Herald asked several Cameron residents this question in the wake of Astronaut Gordon Cooper's successful, 22 - orbit space mission and manually controlled re-entry.

All five responded that machines without man cannot function properly, some pointing to Cooper's ability to make pinpoint adjustments in bringing "Faith 7" back to earth.

Said Mrs. K. K. Robbins: Definitely not. It will take the intellect to control the machine. I think Cooper definitely demonstrated that he was in perfect control after the mechanical controls went out without man's intellect the capsule would have been destroyed.

Agreed E. O. Schiller, Jr., Cameron businessman: No, you have to have the human element. Man needs to be up there too. They will always be sending someone up there.

Remarked Mrs. Raymond Bennett: I wouldn't know, but they have used machines before in space And they tell us that man is still the most complex computer. I hate to think that machine would replace man. I don't think that machines will take over in space.

Opined Mrs. W. O. Triggs: No, I don't think they will ever replace man. Men can't be replaced in any category entirely. Those men are doing a very good job and are a remarkable group.

Said E. A. Perrin. No, I think man will be absolutely needed because the machine can go haywire as it did with Cooper.

More Rain Due As Milam Views Ist Since March

Rain - cool, crop - saving, lawn sustaining -- rain was falling in the Cameron area Wednesday after a weekend of spot rains that ranged from a half - inch to 2 inches.

The City weatherman, Water Supt. Alvin Hefft, reported Monday that .46 of an inch fell over the weekend in Cameron, the least amount to fall in the entire Milam area.

This total did not include the precipitation falling in the Cameron vicinity late Wednesday or early Thursday morning.

The drought seemed to be breaking up by Sunday as up to 2 inches of rain fell in areas around Sharp, south of Cameron, to Burlington, Ben Arnold and east to Branchville.

LAST IN MARCH

The only rain that had fallen in the Milam area since March had been an inch plus rainfall reported last week in the Jones Prairie community.

With perhaps the driest spring in 50 years, the season dry spell broke in time to boost pasture grass and grain crops that were approaching the critical stage in their need for surface moisture.

April Rains This May

Agriculture observers said the areas receiving the half - inch rainfall need a lot more, but that grass and grain crops got it just in time.

"The half - inch rain won't help the grain crops a whole lot," Alva Sanders, Milam ASCS office manager, said, "but is was good for them as a starter. An inch of rain would help a whole lot."

Cotton was doing well despite the dry weather. Its long roots were reaching sub - soil moisture too deep for other crops.

The rains seemed to start lightly to the west and increased as they fell eastward.

Yarrelton and Buckholts received a slight amount up to a half inch, reports showed.

East of Milam County in Robertson County, rainfalls of up to 3 inches fell in Franklin and Bremond areas, travelers said.

Watermelons - - National Areas

By J. D. Moore
Milam County Agent

Growers of early summer watermelons have 201,200 acres for harvest. Larger acreages than in 1962 are expected in Oklahoma and Arizona; smaller acreages in North Carolina, Alabama, Arkansas, Louisiana, Mississippi, and California; and the same acreage in South Carolina, Georgia, and Texas.

In Georgia, stands were reported good and vine growth was further advanced than normal in the southern areas. Light marketings were expected around June 10.

Watermelon production in Milam county is confined to the Hanover, Milano, Rockdale, Minerva area with acreage around the 1500 mark. Local melon conditions look good with marketing to begin the first half of June.

Watermelon production is one of the truck crops that has survived on a competitive basis in Milam County. The irrigated areas of Texas has pretty well taken over the canteloupe and tomato crop production.

Some of our people ask what has happened to truck crop production in Milam County. Before the Alcoa plant came to Rockdale, many acres of tomatoes, sweet potatoes and other truck crops were produced in the Milano - Rockdale area. Truck crop production is very risky with markets, diseases and insect hazards fatal in many case. With high investment cost and agricultural labor problems, most of our truck crop farmers have turned to public jobs.

Competition from large irrigated areas has shown its effects on truck crops as well as many of our other crops, including cotton.

The favorable livestock production condition has out yielded many of our crops with a continued trend toward livestock and grass.

COTTON REPORT

AUSTIN — Some replanting continued. Elsewhere hoeing, plowing and insect control was in progress. Wages for chopping in the Somerville vicinity was about 45-50 cents per hour. Plants made excellent growth everywhere. Some irrigation was being done in the Winter Garden section.

Market activity was stagnant except purchases from CCC. New crop interest has not developed. Equity purchases have gone unreported for several weeks.

Cotton Is Big Income Producer

COLLEGE STATION — Texas cotton producers received $809 million for their 1962 crop. The total income for both lint and seed, as well as total production, fell below the 1961 totals by five and one percent, respectively, but the crop was still the second largest since 1949 when the all - time high of six million bales was established.

Fred C. Elliott, extenion cotton specialist, added that the lower income was due primarily to a lower average price for both lint and seed one cent per pound less for lint and $3 per ton on seed.

Final ginning figures released by the Bureau of Census, he said, placed the Texas crop at 4,726,000 bales, the harvested acreage at 6,500,000 and the per acre yield at 348 pounds compared with 350 in 1961. Almost half of the state's total production, he noted, came from the High Plains area.

Nationally, ginnings were listed as 14,867,000 bales from 15,569,000 acres and the per acre yield as 457 pounds, up 19 pounds from the 1961 average. Top per acre yields were posted by California and Arizona, over 1,100 pounds each and new records. The national income from cotton and cottonseed was placed at $2,653 million, only slightly less than the total for the 1961 crop.

Trans - Pecos growers produced just over 37,000 bales of American-Egyptian cotton from 33,000 acres.

Elliott said that Texas producers are continuing to use the latest research findings for top yields and efficient production. Each year sees a higher percentage of the state crop harvested by machines and more chemicals utilized in the fight against grass and weeds, he said. Also, more extensive use of fertilizers, adapted varieties for machine harvesting and improved cultural and harvesting practices are being used to help hold production costs down, Elliott said.

RESERVE GRAND CHAMP — Sponsor William Arthur and grower Eugene Moraw look over the Milam Poultry Show trophy and certificate of aard as Moraw's entries won the reserve grand championship. The Show was held May 11 just off the Courthouse square. Awards were presented that night at the banquet held in the Methodist Fellowship Hall.

WIND NOISE STOPPED IN HEARING AIDS

We are happy to announce a new invention that will stop about 90 per cent of the wind noise in Hearing Glasses, and behind the ear Aids. It can be installed on any make or model hearing aid. The total cost is $1.50 installed.

Mr. Treadway

We are also happy to introduce a new hearing device that has nothing in the ear—no cords no wires no buttons no battery box. Not even your own people can tell you wear hearing.

Mr. Treadway will hold his regular hearing clinic at the new office at 102 W. Main in Cameron Tuesday, May 28th from 10 a. m. to 1 p. m.

If you have a hearing problem of any kind we invite you to come in. We do repair service on all hearing aids. We can save you 20 per cent on your batteries. A complete hearing test costs you nothing.

Chevy II Nova 400 6-Passenger Station Wagon

A Chevy II wagon looks this big when you load it up

and this big when you gas it up

That, in the eyes of most Chevy II wagon owners, is just about the size of it.

A king-size appetite for cargo. But a dainty one for gas. And this, we hardly need add, is just the kind of wagon we planned it to be.

Taut and trim as it is on the outside, we went to great lengths to keep it BIG where a wagon should be BIG. The load platform extends a full *nine* feet from the back of the front seat to the tip of the lowered tailgate.

NOW CHEVROLET TRADE 'N TRAVEL TIME AT YOUR CHEVROLET DEALER'S

And for all the pepper we packed into that 6-cylinder engine (there's also a choice of an even thriftier 4 in most models), we were careful to keep it simple, easy to service—and a real stickler on economy.

Feel in a traveling mood? Well—happy coincidence—this is the time of year your Chevrolet dealer feels in his most generous trading mood. Looks like it's high time you two got together.

There's plenty to see in Texas, wherever you may roam on a holiday jaunt or on a vacation trip. Clockwise from the lower left hand corner, some of the impressive sights to see in Texas are: The Big Bend, some of the most striking scenery in the state; Guadalupe Peak, highest point in Texas at 8,751 feet; the Palo Duro Canyon, camping grounds for Indian tribes in frontier days; East Texas oil fields, biggest of them all; the 570-foot San Jacinto Monument, commemorating decisive battle of Texas history; Gulf Coast Beaches, some of the finest in the world; the Alamo, "Cradle of Texas Liberty," and in the center of the state, Texas Longhorn Cavern, biggest cave in the state and third largest in the world, one of Texas' most spectacular natural wonders. Sightseeing is fun in Texas.

Study Due Of Indigent Problem

State Senators Murray Watson and J. P. Word today introduced SCR No. 86 which undertakes to create a study of the indigent problem in Texas. The resolution sets up a committee of fifteen which will report its recommendations to the next Legislature.

"The problems of providing hospital care for the indigent has long been a major concern and is not one that can be solved entirely by insurance. It is my belief that personal medical care is primarily the responsibility of the individual. When he is unable to provide this care the responsibility should properly pass to his family, the community, the county, the State, and the Federal Government in that order," said Senator Watson.

This study will look into two groups of individuals unable to pay for medical and hospital care. The first are those on public assistance programs who require public assistance for food, clothing and shelter and the second are those on general assistance programs.

WILLIAM POLSTER, GUNS AND EQUIPMENT

State Pistol Team Member

Teacher Is Straight Shot

By James Hollas

You don't want to get caught stealing chickens in William Polster's yard.

Polster is an Ada Henderson science teacher and one of the nine members of the Texas National Guard Pistol Team.

Polster started shooting in college in 1956 and has been shooting ever since. One day a member of the pistol team asked him to try out for the team. He applied and the National Guard sent him three pistols, a .45, .38, .22 plus the necessary ammunition, targets and a scope.

He started shooting and practicing to earn a spot on the team and last summer made the team. Although they didn't win in the National Pistol Matches held at Camp Perry, Ohio, he is back trying this year again.

There were 2600 shooters at the matches and 650 were shooting at a time. This is the reason for Polster's buying himself a big pair of shooters ear muffs.

SPECIAL PISTOLS

In a practice session one Saturday he started at the 50 yard mark with a .22 caliber pistol and then switched to his special .45 pistols. One is a regular Army .45 and the other is a special gun to shoot "wad" type match ammunition with less recoil. The regular pistol fires standard ball type ammo that the Army issues.

Then he moved up to the 25 yard line. And the holes appeared in the regulation targets with amazing rapidity.

But after an hour or so of shooting he does a bit of trick shooting. He places a playing card edgewise about ten paces away and then cuts it in two with either gun as sharply as if he had used a scissors.

If he can borrow a coin, from a penny to a half dollar, he will pitch it up and hit it on the fly. No coin, he uses rocks.

He shoots in an old gravel pit near Cameron. He has constructed a target frame and a gun stand on which he rests his trunk that holds his four pistol ammo and a scope to check his shooting.

The 5-foot, 7½ inch school teacher practices as much as he can and does a lot of "dry firing" at home. He sits in his living room watching TV and practices his sight alignment and trigger squeeze.

He also has made a small set of dumb bells which he uses to strengthen his arm muscles to hold the pistol. But most of his time is spent in actual firing.

CLASSIFIED AS EXPERT

The National Rifleman Association classifies him as an expert. This is only one rank under the top. He hopes to gain the top title, Master, this year.

The National Guard staff sergeant also hunts with a pistol. Rabbits, snake sand armadillos are only a few of the small animals that have fallen under his accurate pistol eye. He also hunts deer with the pistol.

"The .45 makes an ideal frog gun," he said. "The impact of the bullet near the frog will kill it and never harms any of the meat," he explained. "But you don't want to hit the frog if you want the meat."

The Marlin native was on a rifle team in 1958 when his Guard unit was in summer camp. He was one of the top six out of 80 men that came out for the team.

BOWLER TOO

Polster likes to hunt, fish and take part in almost any sport. As avid bowling fans, he and his wife, Anna, have won several bowling titles. Both took all - events in their divisions in the recent city tournaments.

And they have trophies to tell of other bowling titles they have won.

The couple has two children, Trey 3 and Terrie Ann, 1½.

Not all of his prizes have been trophies. He sports an attractive set of silver candlestick holders as one of the meets gave him his choice between the silver or medals.

But until the matches, which will be in Camp Perry from August 2 to the 10, he will be squeezing the trigger at the TV actors, firing a lot of ammo and losing coins in demonstrations.

Rabb Wins Tourney

One stroke proved the difference in the championship flight is the 33rd annual Invitational Golf tournament held Sunday at the Cameron Country Club. Bill Rabb of Brenham won it with 73, only one stroke better than Dr. C. G. Swift of Cameron, Winn Fergus of Killeen and Carl Stried, all who had a 74.

One of the most exciting moments came when Bud Truner shot a hole - in - one on the 180-yard number nine hole on his first round. This was the first time a hole - in - one had ever been shot in the tournament. He tied for fourth in the first flight.

There were 115 players from 24 cities in the tournament.

Winners of the other flights, their scores and hometowss are:

FIRST FLIGHT — Chester Simons, 74, Snyder; Bob Willingham, 75, Waco; John Jacobs, 76, Waco; Paul Jones, 77, Waco; Bud Turner, 77, Waco, Coit Grisham, 77, Waco.

SECOND FLIGHT — Charles Hopkins, 78, Temple; J. C. Burnett, 79, Killeen; Bill Welch, 79, Connally AFB; Alvin Roberts, 81, Cameron.

THIRD FLIGHT — Capt. Wes Squires, 81, Connally AFB; Richard Knight, 84, Dallas; Bob Foster, 84, Calvert; Tom Moody, 86, of Cameron; Andrew Esslinger, 86, Cameron.

FOURTH FLIGHT — Richard Burke, 90, Cameron; Al White, 91 of Waco; G. Crowell, 91, Temple; Gene Lelso, 91, Temple.

Summer BB Organizes

Players, Managers, Others Meet; Name Teams For Season

The Cameron baseball program got off to a good start Monday evening as the boys managers and parents held a meeting at the Field to get organized to begin play on June 3.

Twelve teams were established at the meeting and it promises to be a good season according to Bassel Wilson, president of the program.

There are five minor league teams, with boys from six to nine years entered, five Little League teams, with boys from 10 to 12 years old, and at least one team to play in the 13 to 15 year bracket and at least one to play in the 16 to 18 year bracket.

The boys will be at the Field Saturday at 9 a. m. to clean it up and get it ready to play the first game June 3.

Wilson also issued a call for a carpenter volunteer to put up new doors on the rest rooms at the field as the present ones are damaged beyond repair.

Godwin Is New Rogers Coach

ROGERS — The coaching staff of the Rogers High School Eagles has been completed, according to an announcement by Supt. B. F. Harbour. All three members of the staff were notified by telephone after their selection.

Donald M. Godwin, a graduate of Texas A & M College, will be head man of the Eagles in 1963-64. Raymond Ezzell, assistant coach at Salado and girls basketball coach, will be first assistant coach and head basketball coach of both boys and girls. He is a graduate of Southwest State College.

David R. Tilley, due to graduate this week at Sam Houston State Teachers College in Hunstville, will be the junior high school coach and assistant high school coach. Harbour stated that he and the Rogers School Board feel that these men will make fine addition to the school faculty.

Coach Godwin comes from Tidehaven in south Texas where he has been head coach for the past three years where two - thirds of the boys in high school come out for football. He was head coach at Wallis and was responsible for the finest athletic season in the history of that school. Prior to that he was junior high school coach at Bellville. At Bellville he coached all sports to district championships. He is coming home since he is a Georgetown boy, who was starting guard on their team that went into the region finals in 1951.

He is a veteran of the U. S. Marine Corp. At A. & M he graduated in math as a major and science as a minor. He has been teaching chemistry and physics. He is married and has two children. He is also rated as a top - flight track coach. At Tidehaven he played a heavy schedule of AA schools like Palacios.

Coach Ezzell attended grade school and junior high in Rogers, graduation from Buckholts where his parents still live. He is married and has two small sons. He has been coaching and teaching at Salado for five years, where his girls basketball teams in the past two years have won two district champions, one regional and a fourth place in state.

Coach George Kirk, new Yoe head coach, was in Cameron Monday and Tuesday checking out the equipment, facilities and of course, his possible athletes.

The former line coach at Temple spent some long hours in Cameron this week as he and Coach John Roberts burned the midnight oil going ovr som of th things that have happened in the last year and talking about this fall's opponents.

He will move to Cameron as soon as he can sell his house in Temple. But until then the road between Cameron and Temple will see him a lot. He intends to keep in touch with the Yoemen thru the summer.

A former Air Force survival training instructor, he is teaching swimming this summer in Temple. He had a contract at Swim Park and he said that he must keep it.

A lot of things are not set in his mind as yet and he will have to just wait and see how they will come out. When asked if he intends to coach the line as he has been doing in Temple or if he will take the backs as most head coaches do, he said that he would wait and see as it depended on who he can get as his assistants.

He has experience in doing both. He played center and linebacker in high school where he was all-district at both sports. Then he played in the rough service ball as a quarterback and defensive linebacker.

He plans to start off with the Georgia Tesh "T" formation and then fit the formation to his personel.

"But what I will be looking for," the friendly coach said, "is boys that have desire and want to play. This comes in any shape form or size."

When asked if he would de-emphasie basketball he said if he couldn't hire a real good basketball coach that could also coach football he would handle it himself. He noted that he had played one year of college basketball.

Although he didn't mention it, he coached basketball at Fort Worth in AAA Diamond Hill High School and came out with a 17-4 record.

He was an all - round athletic in Littlefield and has already started to make plans for the coming season and to improve the players. "When Mr. Zeigler called me and told me I had the job," he said, "I got out my paper and pencil and started to defense some of the schools we will have to play."

And he should be a big asset to Cameron and the school.

-sh-

Rogers has announced their new coaches also. Donald Goodwin was named as head coach and Raymond Ezzell was appointed as first assistant. And David R. Tilley will be the junior high coach.

Coaches Jim Lowarnce, Dal Coleman and Kenneth Beverly all resigned this spring.

Coleman will go to Jasper, an East Texas 3A school. Beverly will go to Robinson, just south of Waco.

Lowarnce has not decided where he will go but has a couple of offers and also one from a sporting goods firm.

-sh-

Rosebud, the Yoemen's first opponent, has moved Coach Bobby Pollard up to replace Bob Castleman who resigned to go to Everman just outstide of Fort Worth. Pollard is a TCU graduate as is Castleman and Kirk.

He said that he expects no drastic change in the tatics of the team. One thing we think he will try to change is the score between Rosebud and Midway this year.

Summer is here and that means baseball is here for the hundreds of Cameron kids from six thru the teens.

Cameron has a real good baseball program for the kids and they are already starting to practice.

But at least one group of boys will have to go without a manager this year.

Anyone interested in managing a team should contact Bassel Wilson, president of the league. Don't put it off. These kids are your kids and they deserve your support.

Also the program is going to need some-one that is handy with tools to help for a few minutes Saturday morning as the doors on the rest rooms will have to be replaced. It seems that someone took a bat and beat them to pieces.

The boys themselves will be out in force Saturday morning as they will start to clean up the field and get it ready to play.

Why not plan now to help the little league get rolling and keep it on the move. After all, it gives the kids a place to go and gives you the lowest priced entertain - ment in town.

Farm & Ranch Wins Maple Bowling Race; New Cameron Second

The Farm and Ranch team held on to a one game lead as they won first place in the Maple bowling league.

On the winning team are Joe Humplik, Alvin Meyer, Cliff Weise, Doc Speer and Jim Edwards.

They will be presented trophies and prize money at the League's banquet Thursday night at Star Lite Club.

In second place, only a game out is New Cameron Drug. Farm and Ranch had a 56-28 record and New Cameron Drug had a 55-29 record.

The final position of the teams was not determined until the last night of the league. Farm and Ranch went into the night with a one game lead. They took the first game from Falstaff and New Cameron took the first game from Pearl. New Cameron won the second game but Farm and Ranch lost to Falstaff putting the two teams in a tie.

But it lasted only a very short time as New Cameron slumped and Pearl knocked them out of the race. Farm and Ranch won their last game and the league.

Falstaff came in second, Coca-Cola third, Texan Cafe was fourth, 7-UP was fifth, Cameron Lanes was seventh and Pearl Beer was eighth.

A Quiet Resolution....

Sounding a note of triumph, the graduates of 1963 step from their cocoon of learning into a world apart from their own.

We join the thousands of parents, graduates' families and educators of this area who wish the class of '63 well.

Change, inexorable and constant, is the keynote of their future. Adapting background, talent and determination to this change is the great challenge.

It is a challenge of choice and chance.

It is a challenge of inner drives and outer forces that the wisest of us do not fully comprehend.

It is a challenge of space, the space in which Astronaut "Gordo" Cooper orbited 22 times around the earth.

It is a challenge of self control.

Cooper showed both a mastery of his technology and himself. By adapting, he demonstrated at re-entry the dual values of knowing himself as well as his technical environment.

His self control will outlast his technology, even though his place in space history is assured. Without it, he would have been a brief spark in the sky.

Our graduates face a somewhat similar problem. They must compete in a world of infinite detail and yet keep themselves whole.

Not a new challenge, perhaps, but change has never been so rapid nor the possibilities of youthful responsibility so great.

At 30, a young scientist can determine success or failure of a multi-million dollar space shot. His success may mean a Nobel Prize. His failure may mean disaster.

A young researcher can find the serum that will immunize millions against hitherto uncontrolled disease only to have a better serum devised soon after.

This is ironic and disconcerting. We may produce and be outmoded at a younger age, yet live a much longer life. It is possible to see a contribution before the middle, mature years summarized and swamped by newer technology a year later.

Adaptability, then, means keeping up a fast, technical pace and somehow strengthening a vision of the greater values within, rather than without.

Young people can hardly expect to be philosophers. But depth philosophy is more important in the future than "depth psychology" at present.

How can these youngsters, pride of our present and hope of our future, meet such challenge?

They hold the answer in their presence . . . . of mind and spirit. Like "Gordo" Cooper, they must work with what they have and what they know, adapting their grasp of the real, strengthened by a feeling for the unreal.

Counter to any trumpet's blare, they must find inner accomplishment, a quiet resolution that vistas of space and minute scientific wonder neither disturb nor dismay.

And Those Rains Came...

"Great, wonderful, glorious, life saving, just what we needed, couldn't have waited any longer, we can use more of the same . . ."

So said Milam Countains about the weekend of intermittent rains that ranged from a half inch to two full inches in the Sharp area.

Agriculture observers said grain needed more than the minimum half inch that fell in parts of the county, but is did "cotton a lot of good."

The inch to inch and one-half in Burlington, Ben Arnold and other parts of North Milam helped pastures and grain crops a great deal.

Pasture throughout the county looked a lot greener regardless of what rain fell.

Things had been admittedly parched, including some lawns in Cameron.

People reported heavy rains Sunday in towns in counties surrounding Milam.

In all, it was the most welcome rain since March when a steady two - inch plus downpour soaked the dry fields. Even though it was still the dryest spring in years, crops looked fairly good and cotton unusually good with its deep roots seeking out sub-soil moisture.

Continued rains were expected at midweek to make a good crop year much more of a certainty than appeared possible one week ago.

Liability Costs To Increase

By Vern Sanford

AUSTIN — Many Texas drivers who carry insurance will need to notify their agents to increase their public liablity insurance after August 24.

By the narrowest of margins -- a single vote -- the House adopted a bill by Rep. Bob Fairchild of Center to raise the bodily injury insurance or security requirements under the driver financial responsibility law from $5,000 for one person and $10,000 for two or more to double those amounts.

Estimates are that it will cost the average driver about $5 a year for the extra coverage. This will enable him to keep his driver's license and car license should he be involved in a collision in which someone is hurt.

It was a hard fought issue in the House. But Fairchild won, 68-67, with the vote of Speaker Byron Tunnell breaking the tie.

In the Senate, passage was by voice vote, with 12 Senators recording themselves as voting no.

Argument for the bill is that it would bring requirements up to a more modern figure. Court judgements in personal injury cases, resulting from auto collisions, often exceed $5,000.

Argument against it, voiced by Rep. Eligio de la Garza of McAllen, was that 35 per cent of the drivers cannot afford to carry liability insurance at present rates. So there will be even more uninsured motorist on the highways after the Fairchild law takes effect.

WIND UP

Regular session of the 58th Legislature ends Friday. That's three days earlier than the constitutional requirement.

Hundreds of the 1,500 proposed new laws submitted by the 181 legislators were left to die in committees and on the crowded calendars of both houses.

Other hundreds will become laws when Gov. John Connally signs them. Rush of business at the session's end is pouring them into his office by the score.

All legislative proposals are important to someone. In a few cases, it is a single person.

One proposal would allow a newspaper editor to practice law. It was killed on the floor.

Another would permit the practice of architecture, by a qualified persons who failed to apply for a license before the deadline arrived. It died in committee.

But the major issues of the session appear to be fairly well settled.

COURTS

An exception is judicial redistricting.

Rep. Henry Stollenwerck, a Republican from Dallas, vainly tried to move some rural district courts to the cities. This to follow the people who have moved into the population centers.

Stollenwerck presented statistics showing that some courts are handling only 150 cases a year, while others in major cities have towering caseloads even after disposing of five times that many cases a year. Bill was killed in committee.

Rep. Bob Johnson of Dallas persuaded the House to pass a bill under which a judicial redistricting board, made up of the Lieutenant Governor, House Speaker and Attorney General, would reapportion district courts if the Legislature did not. Bill died in the Senate.

HOUSE MINORITY LEADER

In the waning days of the session, House Republicans ceremoniously announced their 8 - member delegation leader, Rep. Horace B. Houston of Dallas.

Houston has some sort of seniority since he previously served a term when he ran as a Democrat.

Speaker Byron Tnunnell quipped. "From now on, when you folks have complaints about your bills, you can take your troubles to the House minority leader."

Houston then cast his first vote as G. O. P. leader in favor of extending the Veterans Land Program while his followers cast votes against it.

MORE JUNIOR COLLEGES

State Board of Education named a committee to study Snyder's request for a junior college. Appointees were Penrose B. Metcalfe of San Angelo, Herbert O. Willborn of Amarillo and Paul Mathews of Greenvile. Committee will meet on May 31, in San Angelo.

Recently, the board authorized a junior college election for Travis County voters. Claim is that even though the University of Texas is in Travis County, entrance requirements are too stiff for many local youngsters to enroll.

POLICEMEN'S PENSIONS

On its way to becoming law is S. B. 444 by Sen. William Moore of Bryan. It would make policemen in 150 towns of less than 250,000 population eligible for social security benefits, if their councils agreed.

Rep. Ben Barnes of DeLeon House sponsor, said, "This is the first policemen's bill that policemen's associations and the Texas Municipal League have agreed on."

A statewide bill by Rep. Glenn Kothmann of San Antonio, to increase longevity pay for policemen and firemen in all towns, was killed.

BILLS SIGNED

In recent days Governor Connally has signed into law bills that make San Angelo and Pan American colleges state - supported, senior colleges; authorize commissioners courts to appropriate monies for historical markers and monuments; provide for annexation by municipalities; authorize a 70-mile speed limit; and allow weekly newspapers to miss two issues a year and still retain their legality.

Also, change the name of A & M College to Texas A & M University; authorize counties to issue bonds to establish homes for the needy; and provide for emergency succession to state offices in the event of an attack or a disaster.

ROAD RACE

Texas and Oklahoma are running a friendly race to close the gap between Wichita Falls and Oklahoma City.

Texas highway builders are aiming for an early - June, 1964, completion date on the Red River Valley Expressway between Wichita Falls and the Red River.

Oklahoma has set the same target for completion of a Southwest-Oklahoma City and the terminal point of the Texas expressway.

—Old Philosopher—

Philosopher Aghast At Suggestion He Run For Office And Throws Cold Water On Idea

Dear Editar:

I don't know what he has against me, but a neighbor stopped me the other day, well he didn't actually stop me, I was already stopped, sitting in the shade under a tree near the road and he stopped his pickup and got out and came over and sat down and since it was in the middle of the morning he was a little ill at ease and acted sort of like he was violating the law, as his theory is you're not supposed to stop working till it gets too dark to see.

"Say", he said, "I've been reading your letters in The Herald and I think you ought to run for office."

"Run for office?" I gasped. I don't like the word run anyway. Walk is all right, if you take it slow and rest often.

"Yeah, run for office. They could use some of our ideas in Washington."

"Washington? I thought you were talking about a local office. You're worse off than I thought. Ought to rest oftener."

But since I discovered he was actually serious, I set him straight at once. I've got problems enough right here on this Johnson grass farm without tackling more any place else, and if I'm going to run up against problems that are too big for me, I'd rather lose to them at home where I can be comfortable.

I don't mean to say somebody shouldn't be in Washington, whether he's equipped to handle the problems there or not. For example, you set up a rule that no Congressman can vote on farm legislation until he has successfully farmed, and you'd have very few votes and no legislation. In fact, you'd have trouble finding a Secretary of Agriculture. Somebody has to be there but it's not me.

Also, I wouldn't make a good candidate because I'd have trouble classifying myself. All candidates have to be tagged with a political philosophy. Some candidates, you know, say they're to the right, some say they're to the left, and some say they are in the middle of the road.

Me, I don't even know where the road is.

Yours faithfully,
J. A.

Graduation for the Cameron Public School Class of 1901 was held at the Auditorium. Mr. Howard Baskin was valedictorian and Miss Della Lesovsky was salutatorian. The Herald reported "The graduates, almost buried in a mass of beautiful flowers, the gifts of admiring friends, received their diplomas with a bow of greatful acknowledgement.

Personals from the May 23, 1901 edition: "Mr. John M. Hefley left last Sunday for Nashville, Tennessee for his daughter, Miss Bessie, who has been attending Wards' Seminary in that city." "Capt. John B. Wolf is in Memphis, Tenn. attending the reunion of Confederate soldiers." "Mr. J. D. Hefley has begun work on his new residence in the eastern suburbs of the city."

IN 1938

Miss Iva Earl Heath was valedictorian and Miss Beatrice Waischak, salutatorian of the 1938 Yoe High graduating class.

The City Council ordered an election to be held on a proposal to spend $14,000 for the Cameron Country Club property to be operated by the city as a municipal playground.

New Lions Club officers were W. C. Wiese, president; Guy Haynes, 1st vice president; H. G. Harraway, 2nd vice president; G. M. Howerton, 3rd vice president; Dr. C. G. Brindley, J. R. Bush, Mr. Branstetter and Chas. Brady, board of directors; E. C. Cole, secretary; F. E. Jackson, lion tamer; and Fred Jackson, tail twister.

Miss Doris Cammer, Gladys Reasner, Ruby Menn and Lucille Bell received diplomas from the Cameron School of Nursing.

—Proclamation—

NATIONAL HIGHWAY WEEK 1963

WHEREAS, the growth and future economic potential of the State of Texas is linked inextricably to its fine system of highways which stimulate both business and recreation by making travel safe and pleasurable; and

WHEREAS, the Texas Highway Department through a concentrated program of highway construction and moderinization has in the past several years helped bring about a reduction of more than 25 per cent in the fatality rate of all Federal and State highways in Texas; and

WHEREAS, during the past six years the Texas Highway Department has built more miles of highway than any other state; but

WHEREAS, heavy increases in traffic now jeropardize the advances in highway safety and the contribution to the economy made on the Texas highway system, since the state now has more than five million registered motor vehicles and the miles traveled by these vehicles now totals well over 40 billion miles a year; and

WHEREAS, due to this traffic many miles of Texas' 25,000 - mile system of U. S. and State-numbered highways are already obsolete for the traffic they presently carry

THEREFORE, BE IT RESOLVED, as the nation at large observes National Highway Week during the period May 26 - June 1, 1963, that the Texas Highway Department be congratulated for its achievements; and

BE IT FURTHER RESOLVED, that the citizent of Texas be strongly urged to take note of the immense highway problems and needs facing this state as its economy continued to expand, and to support a sustained program of highway improvement and modernization so that Texas highways can continue their indispensable contribution to traffic safety, the growth of our economy and the national defense.

THEREFORE, I Coleman Duncum, do hereby designate the period of May 26 - June 1, 1963 as HIGHWAY WEEK and urge that special attention be directed to the needs of our highway system.

Coleman Duncum
City Mayor

Mrs. Mary McLane Lawrence left by train Monday for LaConner, Wash. where she will attend her grand - daughters high school graduation. Her daughter and family will return to Texas with Mrs. Lawrence for the summer. They plan an extensive tour of the western states on their return trip.

Seasonal Lawn Care Hints

COLLEGE STATION — A beautiful well - kept lawn adds to the material value of a home and is a basic requirement of an attractive yard. The beauty of a lawn depends largely on the care it receives during the growing season, points out A. C. Novosad, extension pasture specialist.

He lists fertilization, watering, mowing and weed control as important considerations in a good lawn care program. Fertilization, he says is one of the most neglected. The best indicator for fertilizer use is a soil test. However, if soil test information is not available and the lawn has not already received a spring application of plant food, Novosad recommends an immediate treatment with a complete fertilizer, a 1-1-1 or 2-1-1 ratio. Enough should be applied to supply two pounds of nitrogen per each 1,000 square feet of lawn area.

In addition, nitrogen should be applied every 30 to 40 days during the summer at a rate of one pound of nitrogen per 1,000 square feet of lawn. Such applications will keep the lawn grasses green and vigorous during the growing season. In the fall, 30 days before the first expected killing frost, the lawn should get an application of a complete fertilizer such as was applied in the spring.

The lawn should be watered only when the grass needs it. A slight wilting is an indication the grass needs water. Frequent light waterings are not recommended. Wet the soil to a depth of six inches or deeper. This will encourage deep root systems and enables the plants to utilize the plant food applied. It is best to water in the mornings.

Proper mowing gives a healthier and thicker turf. Mow regularly and don't clip more than one inch at a time. Keep the mower sharp and in proper adjustment and mow Bermudagrass at a height of one to one and a half inches; St. Augustine and bluegrass at one and a half to two inches for an attractive lawn, says the specialist.

A thick, vigorous turf is the best defense against weeds but if they are a problem chemicals can be used for control. Ask the local county agent for details.

BEAUTIFUL LAWNS

Beautiful lawns don't just happen. Their beauty depends largely upon the care received during the growing season, says A. C. Novosad, extension pasture specialist. Fertilization, watering, mowing, and weed control are major items in a lawn care program.

Existing Laws Cover Ground Fire

Any person who carelessly or wilfully sets fire to his neighbor's land is subject to prosecution under existing state law, H. K. Parker, educational officer with the Texas Forest Service at LaGrange, announced today.

Law enforcement action will be taken in District 7 (Post Oak Area) against those persons who violate this law.

Parker further explained that there are actually two forest fire aws in Texas. The first of these laws deals with fires which are deliberately started on another person's land. The other deals with careless or negligent use of fire.

HEALTH RESEARCH

Officials of the Southwest Animal Health Research Foundation have announced the successful completion of thedrive for $3 million in producer funds. They will supplement those from the federal and state governments in the drive to eradicate screwworms from the Southwest. Contributions also came from Oklahoma, New Mexico, Louisiana and California. The successful drive was described as an unprecedented and a real achievement by the livestock industry and sportsmen of the region.

Majorettes. SC Officers Named At Rogers High

ROGERS — The Student Council officers - elect were installed in Rogers Junior High School Tuesday morning in the school gym, with the out - going president, Jane Lesikar in charge of the meeting. Fifth grade students were special guests.

Linda Farrell, vice - president, led the audience in the pledge of allegiance to the flag, and Mrs. Lila Baird gave the invocation. The speaker for the occasion was J. L. Chervenka, High School principal, who gave the 10 important goals that serve as guides to the Student Council officers to follow in 1963-64.

The installation of the new officers was carried out by the outgoing officers and representatives of the classes giving the oath of office to the one succeeding him.

The new officers are: President Stevan Ward; vice president Ronnie Tucker; secretary - treasurer Delores Chupik; reporter - parliamentarian Jimmy Crawford.

The newly installed class representatives are: Linda Synatzske and Wayne Psencik; Ginger Lesikar and Charles Sulak; Joan Sulak and Cyril Gloria. Mrs. Ada Jean Cowen is sponsor.

The majorettes for the Rogers High School band for 1963 - 64 have been selected according to the policy of the school and of the Band Parents Association with Carolyn Necas as Drum Majorette.

She served as head twirler this past year. She is the daughter of Mr.and Mrs. Anton Necas of Rogers.

Diann Bartek will be the head twirler and other returning twirlers will be Barbara Smith and Paula Raley. Two new girls have been added in the line - up Mary Faye Wright and Toni Necas. The girls were judged by the band instructor at Mart Bob West.

All of the girls will attend the Twirling Camp at Sam Houston State Teachers College in Huntsville from August 5 to 9.

COTTON PRODUCERS

Texas cotton producers received $809 million for their 1962 crop. The total income for both lint and seed, as well as production, fell below the 1961 totals by five and one percent, respectively. The crop says Fred Elliott, extension cotton specialist, was the second largest since 1949. The per acre yield was 348 pounds compared with 350 for 111.

City Postal Men Organize Under POD Directive

The Cameron post office has taken official action to implement the Post Office Department's new program for negotiation and consultation on grievances, working conditions, personnel practices and other related matters, Postmaster John R. Hays reported today.

The move – developed by the Postal Service under President Kennedy's Executive Order of January 17 – officially recognizes federal employee organizations for the first time. Recognition is based on results of the largest nation - wide labor management election, held June 15 - July 1, 1962 in which 451,000 postal employees participated.

Here are the results at the local post office: Clerks and carriers at the local office are members of the AFL — CIO.

Rural carriers are members of the state association and maintenance employees are members of the national association of maintenance employees.

"Exclusive" recognition was acquired by employee organizatons having a clear majority of the vote in a particular craft unit under prescribed voting procedures.

The Postmaster will negotiate with these organizations, holding regular meetings and working out written agreements on matters affecting all employees in the craft employees' membership status.

National agreements given local employee organizations the right to deal with the postmaster on local working conditins, personnel practices and in resolving interpretations under the local agreements.

The National agreements reiterate Executive Order 10988's ban against strikes, discrimination. They set forth management's prerogatives which are not subject to negotiation – such as the budget, assignment of personnel, work technology, or any matter determined by Congress, such as pay rates.

Postal management, under the Executive Order, also retains the right to direct employees, to hire, to promote, transfer, suspend or separate employees in accord with Civil Service regulations.

Mr. and Mrs. Joe Tomerlin visited with Mrs. Tomerlin's mother and son Mrs.Emily Linke and Thomas Blocker.

Rev. Beckendorf and family were visitors in the home of his parents in Brenham last week.

Telstar II To Bring Program

Telstar II, the new communications satellite launched into outer space last week, will bring local television viewers more of the history - making transcontinental TV programs made popular by its predecessor, Telstar I.

C. L. Carson, Manager for Southwestern Bell Telephone Co., here said Telstar II was launched to learn how to extend the useful life of communications satellites by avoiding or overcoming effects of radiation. Radiation twice disabled Telstar I's command circuit.

Tests will continue to pave the way for a worldwide satellite communications network to send overseas phone calls, live television, data and other signals.

Telstar II was launched by the Administration with an improved Delta rocket. Al costs of launching and tracking will be paid by the Bell System, and all technical information will be made available to NASA and the Communications Satellite Corporation, Carson said.

The new Telstar's elliptical orbit is about 575 miles from earth at low point and 6,500 miles at high point. Telstar I ranges from 592 to 3,531 miles. Telstar II makes six orbits a day, three less than Telstar I.

Cheerleaders Named At Buckholts High

The Buckholts High School student body elected their cheerleaders for 1963 - 64.

Elected were Carolyn von Gonten, a junior and Barbara Smith, a freshman. Also elected were Patsy Zavrel, a junior who has served two previous years, and Mary Frances Ruzicka, a junior, is head cheerleader and has been an active cheerleader for three years.

Monroe Fuchs of Ideal Hatchery flew to Kansas City over the weekend to attend the annual Breeders Roundtable in that city. He was accompanied by Dr. William Krueger of Texas A & M.

Yoe Students To Attend Seminar

The Milam County Farm Bureau has named two students to attend the Citizenship Seminar at Sam Houston State Teachers College from August 20 through August 23. These two students, Danny Thweatt and Mervyn Johnson, are juniors in Yoe High School.

The contestants must not only be outstanding speakers but they must also be outstanding in their school life. They must be in the top 1-3 of the calss, of satisfactory character, be approved by the administration, and be outstanding spiritually and morally.

The winners were selected by a panel of out - of - town judges Thursday night. Contestants were judged from speeches given on citizenship.

Last year Bobby Jones of Yoe High School and Linda Miller of Rockdale High School represented the Milam County Farm Bureau at the seminar held at Oklahoma Christian College, Oklahoma.

THROUGH THE MIST OF CONFUSION

How did this man get from "down" to "up"? By his own strength? No, because the strength of sin is greater than man's strength. By a miracle? That's one way to express it. By faith? That's another way to say it. By faith in the Christ who has miraculous power to reach down, pick up, lift up, and *hold* up!

"I waited patiently for the Lord; and He inclined unto me, and heard my cry. He brought me up also out of an horrible pit, out of the miry clay—"

If *you* are *not* "this man", you can *become* "this man" by faith in the Son of Man: Jesus, the Christ.

JUST NINE MORE DAYS!

For Subscribers To SAVE Money!

1 2 3 4 5 6 7 8 9

WHEN WE FIRST ANNOUNCED THIS BIG SUBSCRIPTION CAMPAIGN ON APRIL 25

The Following Announcement Appeared On The Front Page Of Cameron Herald:

Subscribers Win Too In Subscription Drive

On this page today is explained the possibilities for 15 or more local men and women to win one of seven big cash prizes, and earn big weekly pay checks.

But in this little supplementary story, we want to emphasize that each and every subscriber to The Herald, either new, or planning to renew their subscriptions during our big Expansion Campaign, is going to be a winner, too — through savings offered in reduced multiple — year subscription prices.

We are offering from now until June 1, an opportunity to make a saving of as much as $6.00 on a 5 - year subscription; varying lesser amounts on all subscriptions.

Further, with each subscription sold, the subscriber gets FREE classified ad in the Herald.

At the campaign end on June 1, the subscription price for The Herald will be advanced to $3.00 yearly in the county area; to $4.00 outside the area.

The recent postage rate increase enacted by the federal government, with another increase to come next year, left the Herald no alternative than to increase subscription rates.

Before we put the increase into effect, we want every subscriber to have the privilege of renewing subscriptions just one more time at the old rate, despite the fact that this rate has been one of the lowest for a county seat newspaper anywhere in the state of Texas.

Join as a subscriber in our campaign and in doing so — save money.

We are reproducing that "announcement" in this advertisement today, because some of our readers might not have read it — might not fully understand that they are being offered an opportunity to renew their present subscriptions, for as long as 5 years—at bargain rates — before a necessary subscription price increase goes into effect one week from next Saturday.

For nine more days you have the opportunity to buy new or pay renewal subscription at 1—year for $2.50; 2 years for $4.50; 3 years for $6.00; 5 years for $9.00, if you live in Milam or adjoining counties.

For all subscriptions other than above counties the bargain rates are: 1 year $3.50; 2 years $6.50; 3 years $9.00; 5 years $15.00.

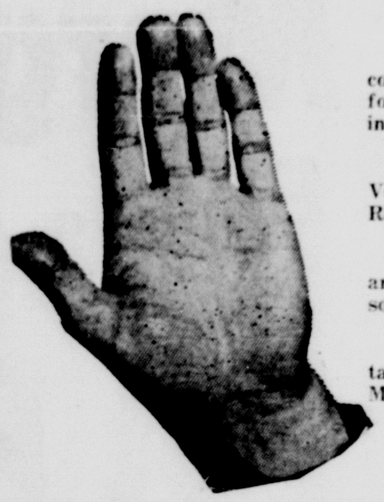
PRESENT SUBSCRIBERS MAY EXTEND SUBSCRIPTIONS FOR NUMBER YEARS DESIRED TO TAKE ADVANTAGE OF CAMPAIGN BARGAIN RATE, EVEN THOUGH NOW PAID IN ADVANCE

Now - What's Ahead These Next 9 Days?

Monday, May 27



This Is The Day That Will decide which of the enrolled contestants will each win a special $50.00 Bonus Prize for having sold the most NEW subscriptions up to and including this award date.

Competing in Cameron are: Mrs. Opal Humphreys, Mrs. Verna Lewis, Jerry Schoppe, Mrs. Wilburn Shuffield, Mrs. Raymond Green, and Mrs. Jimmie Suggs.

Competing (and living) in other towns of Milam county are: Mrs. Mrytle Dorner, Mrs. Edwin Gandy, H. B. Ellison.

Competing and living on Rural Routes: Mrs. R. K. Fontaine, Mrs. Frank Matula, Mrs. Graham McLerran, and Mrs. Willie Schwarz, Billie Rogers.

Wednesday, May 29

This day marks a big deadline in The Herald's big subscription campaign.

All subscriptions that have been sold up to and including this date — will earn higher votes for the contestants, than they will earn in the following closing days.

Subscriptions sold after Wednesday night, will earn exactly half as many votes as before. Yet those half—votes of the closing days, will probably decide WHO wins WHICH prize.

Contestants—get every subscription you can before Wednesday night—then get every one you can the two final days.

Friday, May 31

This is the end — the day that all subscriptions selling in the campaign ceases — the day when contestants seal their vote envelopes for the big vote count that will decide the winners.

Watch next week's paper for announcement of place, date and hour of the vote count that will decide — who wins, $1,000; which two win $500; which two win $300; which two win $150. The subscriptions they have sold will be the deciding factor.
